## Access & Reception

*The threshold between noise and calm. Here begins the inward descent: the world is left behind, and one enters the celestial rhythm of the Hacienda.*

## Gymnasium

*Conscious movement in the open air. Strength, breath, and physical discipline in harmony with the natural environment.*

## Greenhouse & Nursery

*The productive heart. Thousands of plants are born here each month, cared for with patience and ancestral knowledge.*

## Galmping

*An elevated refuge among the trees. Simple architecture, noble materials, and absolute rest. A direct connection between rest and working the land.*

## Birdwatching

*A silent lookout for observing birds and local wildlife. More than 200 species inhabit the Hacienda. Here, one learns to observe without interrupting.*

## Biopools

*Living water, filtered by plants. A regenerative swim that refreshes the body without breaking the natural cycle.*

## Rosary Garden

*A circular path for meditative walking. A space to pray, reflect, or simply walk in silence.*

## Parque de Picnic

*An open space for sharing food, conversation, and simple celebrations, surrounded by greenery and unforgettable sunsets.*
